CUBIC HEALTH TEAM WINS GOLD IN CORPORATE ROWING CHALLENGE

WINNIPEG, August 1st, 2006 – On July 31st, 2006 the Cubic Health rowing team won the "Winnipeg Corporate Rowing Challenge". The team, led by Kyle MacNair, our Vice-President of Clinical Services, included Kyle's wife Tracy MacNair and two of our company advisors, Jason Gilmore and Colin Fast. The Winnipeg Corporate Rowing Challenge, a fundraising event for the Winnipeg Rowing Club, is held annually and this year drew 17 four-person teams for the final regatta.

The Cubic Health team looked strong from the start posting the second fastest times in two 500 meter heats. The team won their semi-final race by an 8 second margin, and won the final race against last year's champions by only 1.5 seconds. Everyone enjoyed a full day of fun and friendly competition.
