### **TEAM CUBIC HEALTH GOES BANANAS IN BREAST CANCER RUN**

**TORONTO, October 2<sup>nd</sup>, 2006** – On Sunday October 1<sup>st</sup>, 2006, Team Cubic Health participated in the annual CIBC Run for the Cure for the Canadian Breast Cancer Foundation. The team raised over \$2,500 for the cause. Pictured below as the Banana is Mike Sullivan, President of Cubic Health, along with his brother Kevin, who sported the Gorilla costume. Unfortunately for the Sullivan brothers, while the costumes were a big hit with the crowd, the beautiful, sunny weather that morning made for a difficult 5km run in poorly ventilated outfits.

Cubic Health wishes to thank all of those individuals who sponsored the team, and helped to contribute to the \$23 million raised by the 170,000 participants across the country on Sunday.
